

Highest risk Priority 1	Medium risk Priority 2	Low risk Priority 3	Priority 4 (May be displeasing to the eye but not considered a safety issue)
What happens to this pothole?			
Make safe within 2 hours	Make safe or repair within 5 working days	Repair within 20 working days	We do not usually repair these potholes
Individual or multiple potholes with very high risk of interaction with vehicles or pedestrians and likely to result in serious or fatal consequence	Individual defect greater than 40mm in depth and 150mm in diameter (Cycle lanes 25mm depth and 75mm diameter)	Individual defect greater than 30mm in depth and 150mm in diameter (Cycle lanes 20mm depth and 75mm diameter).	Individual or multiple defects less than 30mm in depth or less than 40mm but unlikely to worsen (20mm in cycle lanes).
			

County Cllr. Matt Furniss :

“We should encourage residents to make sure they report any defect on the SCC system, although we don’t yet have an app for this, the SCC report site is mobile phone friendly and if enabled will zoom in on your current location.”
